**Kevlar. Nomex.**

**Solid Color or Two-Tone Stealth™ available!**

The Stealth can be ordered through our SCX Semi-Custom Program and will come with all the standard features shown. Stealth is available in a wide variety of materials, colors and options.

**Two-tone Stealth has:**

- Black Bottom Sleeve Panel in same base material as coat body.
- Black Lower Leg Panel in same base material as pant body.
- Colors separated by LazerMax™ Trim
- Includes all Standard features shown

Set in sleeves distribute the weight of the coat evenly over the shoulders, while contour cut gives greater freedom of movement.

Internal Draw-cord back reduces bulk in the front of the coat when donning an SCBA.

Long, beveled back provides additional overlap for protection. Add letters for identification too!

# STEALTH PANTS WITH LAZERMAX™

**IH Pant option: IH33**

**Harness option: PO-RITC2**

## Our Black-Ops™ Suspenders... A Whole New Approach To Keeping Your Pants in Place!

We all know the well-worn joke “Why does a fireman wear suspenders?” (To keep his pants up!) Our radically designed approach keeps the suspenders up too! Our goal was two-fold; eliminate as much metal as possible, including snaps, and to create a new ergonomically shaped system that would eliminate suspenders slipping off the shoulders, and be comfortable at the same time. The result? Black-Ops™. Try them on for size... they are so comfortable you’ll forget you are wearing suspenders!

### Black-Ops™ Multi-Adjustment System

- Independent yoke system that curves around neck and front for better fit
- Adjustable center sternum strap keeps the suspenders in position
- Vertical tabs for stowing mic or accessories
- Suspenders attach to pants with snap-tabs and segregated MOLLE style loops
- Rip-cord style pulls easily adjust length and fit
