THE FABRIC OF OUR LIFE

TRUE North Gear has invested 30 years into the research, design, testing, and manufacturing of durable and innovative clothing and gear supporting the Wildland and Structure markets.

Over the years, we have stayed true to our heritage of seeking out and harnessing user feedback to create new design solutions or upgrade existing ones. We provide the pinnacle in performance through a design philosophy that embraces durability, comfort, and protection as inclusive elements.

Designing and delivering dependable products is essential to the vitality of our organization and our overarching mission to support and protect a customer base that operates in life-threatening environments every day.

Committed customer service and a lifetime material warranty on all products further distinguish our customer-driven focus.

GIVING BACK

We are a Climate Neutral Certified brand partnering with organizations that care for the earth.

At True North, we make gear that outlasts dangerous situations, extreme weather, and tough working conditions. Our mission is to keep you secure so you can do the job that needs to be done. That also means we are focused on actions that improve and support the great outdoors. We're putting our resources and attention on helping the environment that you live and work in. We think that a safer landscape can mean fewer lives on the line, along with healthier land, environment, and air.

Because of this, we are proud to be a Climate Neutral Certified brand, committing to actions that reduce and offset our carbon emissions. Additionally, we continue to work with non-profit organizations 1% for the Planet and American Forests in order to protect and support environments that are meaningful to our customers.
